FOR IMMEDIATE RELEASE

February 4, 2026

AMENDED CANDIDATES

The Republican ballots for the March 17, 2026, General Primary will include two candidates that have been removed since the printing of the ballots.

The Governor and Lieutenant Governor race on the Republican ballot will contain the names of Joseph Severino and Rantch Isquith. An objection was filed against these candidates and the court ruled that they should be removed from the ballot. As such, any votes cast for these individuals will not be counted.

The court ruling on this matter came after the county's deadline for sending ballots to the printer.
